BLOOM

VASE SHAPED TV STAND LET'S YOUR TV BLOSSOM

Bloom TV stand breaks free from the traditional and uninspired designs of TV stands and TV cabinets by it's curvy, smooth and artistic look.

Bloom is made of numerous layers of birch wood. Because of the finishing and the organic shapes, begs this TV stand to be touched.

Completely hollow, the cords and wires are neatly hidden from sight, exiting through the back of the Bloom TV stand.

Thanks to the choice of material, craftsmanship and design, Bloom accentuates a hypnotic striped pattern which gives every object an unique look.
